Excellent. Let me know if there is anything I can do.

Steve has commented on the QAPP addendum and the Phase V QA/QC document (thanks Steve!). Still waiting to receive comments from others who were going to review those documents. Also need to know if the Pavillion Phase V data table revisions are acceptable. Rick has done an excellent job getting

revisions made (thanks Rick!!). We are definitely on pace to have the data tables and QA/QC document ready by Monday morning. If you are providing comments, please send them to Rick as soon as possible. We don't want to rush this through on the last day (strike that, already there)... the last minute.

Rick-

See comments on attached documents. In the QAPP Addendum, I accepted your changes via Track Changes except in Part 2 where I did not as it may have been confusing as to the changes made.

Although I did not accept your changes in the QC section document, they were acceptable unless otherwise indicated.
